FROM THE ASSESSMENT AND ACCOUNTABILITY OFFICE

Dear Families: Please save the dates for our upcoming PSSA testing days. Also, please see below for PSSA testing policies and guidelines.

- **Tuesday, May 2nd-Wednesday, May 3rd (Science: Grades 4 and 8)**

Mr. Paul

FROM THE FRONT OFFICE

We are still collecting Box Tops for Education to help raise funds to support our various classes and programs. While you shop, keep an eye out for the small pink items found on many grocery items. Clip them off and send them in with your child to drop off in the collection bin in the office.

We are also still collecting any slightly used footwear and donating them to our Shoe Box Recycling program. All donations will help raise funds to support WCS and all of our wonderful classes and programs. Thank you for your support!

Ms. Shonda and Mr. Justin

FROM P.E.

American Heart Association "Jump Rope for Heart" packets have been handed out and students are in full swing into their healthy rope turning PE classes. Thank you to all who have decided to participate in collecting donations for the American Heart Association. We really appreciate all the hard work and time you put into this great cause! Donation packets will be due back to me the week of May 15th-19th. Thanks for your support!

Mr. Jim

FROM THE DEVELOPMENT OFFICE

We rely on the generosity of friends and family like you to preserve the programs that make Wissahickon a magical place to come to school-Discovery class, a fully-stocked library, extracurriculars, and much more!

We are so grateful to you for all the ways you support your students and the Wissahickon Charter community. As you visit the school this week to learn about your student's progress, consider making a gift to the Wissahickon Charter School Annual Fund.

You can make your gift in person this week with cash or check. Alternatively, you can make a gift right now with your credit card on our website.

Ms. Allie & Ms. Anne

GREEN TIP OF THE WEEK #32

Whenever you are cooking on the stove, try to cover the pans, this reduces the amount of energy that escapes from open pans, plus the amount of time it takes to heat up food and boil water. *Send your green tips to jtrot@wissahickoncharter.org.*
