Early dismissal

Whenever possible, appointments should be scheduled after school hours as they can interfere with your child's learning program. When children have appointments that require them to leave early, the following procedure must be followed:

- Send in a note stating reason for early dismissal that morning or come to the office to ask that your child be excused early;
- Notify the office if someone other than you is picking up your child (the person must be on the list of approved pick-up persons you submitted, and must have a photo ID for security reasons);
- You or the designated pick-up person must sign your child out with an office staff member.
- Those picking up students, including parents, may not go directly to the child's classroom. **There will be no early dismissals permitted after 2:30 p.m on regular school days, on early dismissal days.**
